*Copies of the following information relating to the Frank Hilton Reserve in Maslin Beach:*

- a. Groundwater monitoring reports*
- b. Section 83A notifications*
- c. Current / expired / surrendered landfill licences and/or closed landfill licences*
- d. Any other reports (excluding draft reports) that detail groundwater and surface water contamination*
- e. Any other reports (excluding draft reports) that consider monitoring and assessment of PFAS compounds/contamination present*
- f. Any monitoring plans (excluding draft plans) that outline historic, current or future site monitoring requirements*
- g. Any capping, closure and rehabilitation plans, (closure plans, technical specifications and as constructed reports)*

Reports available on the EPA's public register for the Frank Hilton Reserve were provided to you on 26 March 2021.

Following a search of EPA records I have determined that eight documents fall within the scope of your application and are listed in the attached document schedule. I can advise that the historic landfill at the Frank Hilton Reserve site was not licenced by the EPA nor the former South Australian Waste Management Commission.
