

New Beverage Container Registration

How to apply online for Additional Beverage Container Approvals

This process applies if you are an **existing** approval holder in the SA Scheme.

1. Ensure you have a copy of your Waste Management Arrangement (WMA)

- If you do not already have a copy on file, contact your Super Collector to request a copy of your contract which is the required WMA.
- The WMA must be in the same company/business name as the application including corresponding ABN/ACN
- File it in a secure location so you have access to it next time you apply.

2. Access the [online application portal](#)

3. Complete your application

- Ensure the company details are correct and match the details on the contract with your Super Collector.
- Ensure the beverage names are listed exactly as they appear on the container.
- Upload copies of the labels showing the refund marking and the barcode.
- Upload the WMA (the contract between your company and your Super Collector).
- Pay the fee and submit the application.

4. Contact your Super Collector to add the new containers to your WMA

Your application will be pending until the EPA receives written confirmation directly from your Super Collector
