

## PETROLEUM AND GEOTHERMAL ENERGY ACT 2000

*Temporary Cessation of Suspension  
Petroleum Retention Licence—PRL 128*

Pursuant to Section 90 of the *Petroleum and Geothermal Energy Act 2000*, notice is hereby given that the suspension of PRL 128 dated 11 October 2022 has been temporarily ceased, for the period 2 February 2023 to 11 February 2023 inclusive, pursuant to delegated powers dated 29 June 2018.

The expiry date of PRL 128 remains as 24 November 2023.

Dated: 1 February 2023

NICK PANAGOPOULOS  
A/Executive Director  
Energy Resources Division  
Department for Energy and Mining  
Delegate of the Minister for Energy and Mining

## PLANNING, DEVELOPMENT AND INFRASTRUCTURE ACT 2016

## SECTION 42

*Practice Directions**Preamble*

The State Planning Commission may issue practice directions for the purposes of this Act.

A practice direction may specify procedural requirements or steps in connection with any matter arising under this Act.

A practice direction must be notified in the *Gazette* and published on the SA Planning Portal.

A practice direction may be varied or revoked by the State Planning Commission from time to time by a further instrument notified in the *Gazette* and published on the SA Planning Portal.

**NOTICE**

PURSUANT to Section 42(4)(b) of the *Planning, Development and Infrastructure Act 2016*, I, Margaret Smith, Director State Assessment, as delegate of the State Planning Commission:

- a) vary State Planning Commission Practice Direction 17 – Impact Assessed Development
- b) fix the day on which varied Practice Direction 17 – Impact Assessed Development is published on the SA Planning Portal as the day it will come into operation.

Dated: 9 February 2023

MARGARET SMITH  
Director, State Assessment  
delegate of the State Planning Commission

## RADIATION PROTECTION AND CONTROL ACT 2021

## SECTION 76

*Notice by Delegate of the Minister for Climate, Environment and Water, number RPC202302-1*

PURSUANT to section 76 of the *Radiation Protection and Control Act 2021* (the Act), I, Daniel Bellifemine, Manager, Mining and Radiation, Environment Protection Authority, Delegate of the Minister for Climate, Environment and Water, exempt persons from the requirement to hold a radiation management licence authorising the transport of radioactive material under section 21 of the *Radiation Protection and Control Act 2021*, for a period of six (6) months as a transitional arrangement with commencement of new legislation; subject to the following conditions:

1. This exemption only applies to persons, defined as carrier by the *Radiation Protection and Control Act 2021* who must not transport radioactive material unless authorised to do so by a radiation management licence granted by the Minister under section 21 of the Act 'Transport of radioactive material'; and,
2. The persons being exempted of authorisation requirement as part of clause (1) above must make an application to the Minister to obtain a radiation management licence under section 21 of the Act, along with submission of a radiation management plan compliant with section 34 (4).

This exemption shall take effect from the day of commencement of the Act until 30 August 2023.

Dated: 6 February 2023

D. BELLIFEMINE  
Delegate of the Minister for Climate, Environment and Water

## RADIATION PROTECTION AND CONTROL ACT 2021

## SECTION 76

*Notice by Delegate of the Minister for Climate, Environment and Water, number RPC202302-3*

PURSUANT to section 76 of the *Radiation Protection and Control Act 2021* (the Act), I, Daniel Bellifemine, Manager, Mining and Radiation, Environment Protection Authority, delegate of the Minister for Climate, Environment and Water, exempt persons from the requirement to hold a radiation management licence authorising possession under section 22 (1) of Act, subject to the following conditions:

1. This exemption only applies to persons, who under the *Radiation Protection and Control Act 1982* section 33A had submitted a valid application to the department for a licence to possess prior to February 11, 2023.

2. The exemption is only valid if the radiation source is one in respect of which an application for a licence to possess has been made to the Minister and in respect of which the Minister has not made a determination.

This exemption shall take effect from the day of commencement of the Act.

Dated: 7 February 2023

D. BELLIFEMINE

Delegate of the Minister for Climate, Environment and Water

## RADIATION PROTECTION AND CONTROL ACT 2021

### SECTION 76

*Notice by Delegate of the Minister for Climate, Environment and Water, number RPC202302-4*

PURSUANT to section 76 of the *Radiation Protection and Control Act 2021* (the Act), I, Daniel Bellifemine, Manager, Mining and Radiation, Environment Protection Authority, being a person to whom the powers of the Minister under that section have been delegated under the Act, exempt persons from the requirement to hold a registration for a sealed source as per section 26 of the *Radiation Protection and Control Act 2021*.

This exemption shall remain valid for a period of twelve (12) months from the commencement of the Act; and is subject to the following conditions:

1. This exemption only applies to the following classes of sealed radioactive sources:
  1. sealed radioactive sources that consist solely of Hydrogen-3 or Polonium-210;
  2. sealed radioactive sources that consist solely of Gold-198, are in the form of seeds or grains, and are used for radiation therapy;
  3. sealed radioactive sources that contain Cobalt-60 or Iridium-192, are in the form of wire or pins, and are used for radiation therapy;
  4. sealed radioactive sources that are kept, stored and used while contained in an instrument or device that contains another sealed radioactive source that is registered.
  5. sealed radioactive sources that contain Iridium-192 and are used for industrial radiography if—
    1. the source replaces a source in a source container; and
    2. the replaced source is registered under section 30 of the Act; and
    3. the source replacing the registered source has a maximum activity no greater than the maximum activity of the source it has replaced;
  6. sealed radioactive sources that contain a group 1 or 2 radionuclide with an activity of less than 50 megabecquerels except—
  7. Radium-226; and
  8. Strontium-90 used for ophthalmological radiation therapy;
  9. sealed radioactive sources that contain less than 25 megabecquerels of Radium-226;
  10. sealed radioactive sources that contain a group 3 or 4 radionuclide with an activity of less than 500 megabecquerels.

This exemption shall take effect from the day of commencement of the Act.

Dated: 6 February 2023

D. BELLIFEMINE

Delegate of the Minister for Climate, Environment and Water
