TO THE RESIDENT

Important information for all residents – Groundwater Prohibition Area

Beverley and surrounding suburbs

Dear Resident

Re: Proposed Groundwater Prohibition Area in portions of Beverley, Woodville, Woodville South, Woodville West, Woodville Park, West Croydon, Kilkenny, Findon and Seaton

On 26 July 2022, the Environment Protection Authority (EPA) wrote to inform you that it was proposing to establish a Groundwater Prohibition Area in Beverley and surrounding suburbs. Further information, including the depth and width of the prohibition, is enclosed with this letter.

Groundwater in this area is contaminated from past industrial activities and will remain so for the foreseeable future.

Following consultation with the community, and in line with the findings of the [Groundwater Prohibition Area – Beverley Determination Report](#), the EPA will now proceed with the establishment of a Groundwater Prohibition Area under section 103S of the *Environment Protection Act 1993*. This prohibits the taking of groundwater via a bore, and is scheduled to be published in the [South Australian Government Gazette](#) on 8 December 2022. This will be the ninth groundwater prohibition area established in South Australia to date.

To ensure that future purchasers of properties within the Groundwater Prohibition Area are made aware of the prohibition, a notification of an interest held by the EPA will be made on the Form 1 statement. This is a document that is required to be provided to a prospective buyer by the vendor under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994*.

If you have any queries or concerns, or would like to speak with our staff, please contact the community engagement team on (08) 8429 7554, via email engage.epa@sa.gov.au, or visit www.engage.epa.sa.gov.au/Beverley-GPA.

Yours sincerely

Rebecca Hughes
