

New Licence Application

Environment Protection Act 1993

Send completed application to

Licensing & Regulatory Services Branch
 Environment Protection Authority
 GPO Box 2607 ADELAIDE SA 5001

Enquiries

Telephone Freecall (outside metro): 1800 623 445
 Direct Phone: (08) 8204 2058
 Facsimile: (08) 8124 4672
 Email: licensing.epa@epa.sa.gov.au
 Internet: www.epa.sa.gov.au

Preamble

This Application form covers all the Prescribed Activities licensed by the Environment Protection Authority.

This form must be completed in full and signed (on the back page) by an authorised person.

AN APPLICATION FEE PAYMENT MUST BE INCLUDED.

If the submitted form is incomplete, it cannot be processed.

Note: A maximum penalty of up to \$60 000 applies for providing false or misleading information.

If you are unsure of the requirements of this Application Form, contact the Licensing & Regulatory Services Branch (08) 8204 2058.

PART A: APPLICATION

SECTION 1

1.1 Do you already have an EPA licence?

Yes No

1.2 Is this Application for an additional activity on an existing licence?

Yes No

If Yes, state your EPA Licence No. _____

1.3 Are you (please tick ONE)

- Body corporate or company (has an ACN)?
- Natural person(s)?
- Statutory body (created by legislation)?
- Incorporated association (created by legislation)?

NB: Licences can only be issued to a legal entity - not a Trading or Business Name (which has an ABN).

1.4 Full name of applicant(s) to hold licence (the name to appear on the licence)

ACCIONA AGUA
ADELAIDE PTY LTD.

Do you have a Trading or Business name?

1.5 Body corporate or company details (if applicable)

ACN: 135 111 607

Address of registered office

LEVEL 1, 95 COVENTRY ST,
SOUTH MELBOURNE
VIC Postcode: 3205.

1.6 Postal address for all correspondence

ADELAIDE DESAL PLANT
CHRYSLER ROAD
LONSDALE Postcode: 5160

Email:

Fax: 8329-0777

Site Location Information

1.7 Will you be a mobile operator?

Yes No

If Yes, please go to Section 1.12 (unless you also have a fixed site)

1.8 Address of Site(s) where activity will take place

Site address
ADELAIDE DESAL PLANT
CHRYSLER ROAD
LONSDALE Postcode 5160.

Current Certificate of Title numbers

ALLOTMENTS 10, 11, 12.
DP 80713
CHRISTIE ROAD
CT 6033 / 736, 737, 738

* Please provide a detailed site map (required for mandatory validation of activity location).

* Please provide a detailed site map (required for mandatory validation of activity location).

New Licence Application

1.9 Does the Applicant(s) own the Site?

Yes No

If No, from whom is the Site leased or rented?

SA WATER CORPORATION

1.10 Has Development Approval or other Consent been granted to undertake the activity(ies) at that site(s)?

Yes No N/A

If Yes, supply development approval number(s) and attach a full copy of the approval consent (including conditions).

APPEARED IN GOVERNMENT GAZETTE 11 JUNE 09.

If No, the EPA will be unable to assess your application until Development Approval or written confirmation has been received.

1.11 Do you have any other approvals, indentures, licences, or mining leases for the Site?

Yes No N/A

If Yes, supply details and attach copies of approvals etc.

EPA LICENCE 15499
EPA EXEMPTION 25063
DLWBC PERMITS
170287-170292 166750-
166752 167831-167836,
170152.

1.12 Who is authorised to act on behalf of the Applicant for the licence?

a. Contact name: SIMON BOWLES
 Position: DESIGN MANAGER
 Tel: 0438-079-332
 Email: SIMON.bowles@adelaide.aqua.com

b. Contact name: _____
 Position: _____
 Tel: _____ Fax: _____
 Email: _____

c. Contact name: _____
 Position: _____
 Tel: _____ Fax: _____
 Email: _____

1.13 Contact person for enquiries relating to this application

Contact name: as above
 Position: _____
 Tel: _____ Fax: _____
 Email: _____

SECTION 2:

Activity and Emission Details

2.1 Preferred licence commencement date

as soon as possible
 on or after _____ (date)

2.2 What Prescribed Activity(ies) are you applying for?

Please tick the appropriate Activity boxes in Part B of this form, and the Characteristic level.

CHEMICAL STORAGE,
 DISCHARGE TO
MARINE

If you are selecting Prescribed Activities 3(5) and/or 3(6) as part of your Application, ensure that you complete details at section 4. If Prescribed Activities 3(5) and/or 3(6) are the only licensed activities, there is a separate Waste Transporter Only Application Form.

2.3 Briefly describe the nature of your operation

COMMISSIONING AND
OPERATION OF THE
ADELAIDE DESALINATION
PLANT.

2.4 Discharges to the environment

To assist in assessing your application, please provide details of any air, noise, liquid or solid emissions expected from your operation

REFER TO ATTACHED
DOCUMENTS.

2.5 Will you discharge any waste or effluent to the marine environment?

Yes No

If Yes, provide details (and answer 2.6).

REFER TO ATTACHED DOCUMENTS.

2.6 Water reuse

Will you discharge more than 10 megalitres of water that is less than 1500 milligrams/litre salinity to marine waters?

Yes No NA

If Yes, state amount (in megalitres)

REFER TO ATTACHED DOCUMENTS.

2.7 Environmental Management/Impact Statement

What practices (include documentation) and infrastructure will you employ to reduce potential environmental harm arising from your operation? (e.g. pretreatment of waste, dust suppression, pollution control equipment)

- DIFFUSER DESIGN
- BYPASS SYSTEM
- DIFFUSER MODIFICATION
- CLEAN IN PLACE, SAFE DILUTION LEVELS
- MARINE HABITAT MONITORING

MORE DETAILS IN ATTACHED DOCUMENTS.

NB: Attach a management plan if applicable.

SECTION 3:

NPI & Resource Efficiency Fee

For some operations where there is a specific emission to air, land and/or water, the pollutants may be required to be reported to the National Pollutant Inventory (NPI) and/or the Environment Protection Agency (EPA).

3.1 Will the nature of your operations require you to report air or water pollutant emission levels to the National Pollutant Inventory?

Yes No N/A - unsure

If Yes, do you consent to the Authority using your NPI data to calculate your resource efficiency fees at the first anniversary of the issued licence?

Yes No

If No, the Authority may require you to supply the raw NPI data and Monitoring data each subsequent year as conditions of licence.

Information regarding the National Pollutant Inventory can be accessed at: www.epa.sa.gov.au/npi.html Information at that website includes manuals to assist you to determine applicable emissions.

Information regarding resource efficiency fees can be accessed at: www.epa.sa.gov.au/lfs.html or www.epa.sa.gov.au/pdfs/guide_lfs.pdf

SECTION 4:

Transport of Waste

Only applicable if you are applying for a licence to transport waste for fee or reward - otherwise go to Section 5.

4.1 What types of waste do you intend to transport? (please tick)

Solid	Category
<input type="radio"/> Domestic (only MGB weekly pickups on behalf of Council)	B
<input type="radio"/> Contaminated soil	B
<input type="radio"/> Medical	A
<input type="radio"/> Transport of medical waste not exceeding 40 litres at any one time	
<input type="radio"/> Transport of medical waste exceeding 40 litres at any one time	
<input type="radio"/> Asbestos - friable	A
<input type="radio"/> Asbestos - non friable	A
<input type="radio"/> Solid waste (from any commercial or industrial premises or teaching/research institution - other than building or demolition waste)	B
<input type="radio"/> Other (please specify)	-

Liquid

- | | |
|---|----------|
| <input type="radio"/> Grease trap/vegetable | Category |
| <input type="radio"/> Septic tank effluent | A |
| <input type="radio"/> Water/oil mixtures | B |
| <input type="radio"/> Inert sludge/wool scouring sludge | A |
| <input type="radio"/> Water-based paint sludge | A |
| <input type="radio"/> PCBs, HCBs, OCPs, etc | A |
| <input type="radio"/> Waste oil | A |
| <input type="radio"/> Acids | A |
| <input type="radio"/> Alkalies | A |
| <input type="radio"/> Organic solvents | A |
| <input type="radio"/> Other (please specify) | - |

4.2 From which of the following premises will you collect waste?

- Industrial premises
- Commercial premises
- Teaching or research institutions
- Hospitals
- Dental, medical or veterinary clinics
- Other (please specify)

4.3 Do you intend to transport waste into, out of or across South Australian borders?

- Yes No

4.4 Specify vehicles to be used for transport of waste (see 4.1 for category reference)

Category A

For transport of 40 litres or less of medical waste per trip

Make & reg no _____

Make & reg no _____

For any other Category A waste

Make & reg no _____

Make & reg no _____

Category B

For any Category B waste

Make & reg no _____

Make & reg no _____

If there is insufficient space to list all your vehicles, include details in the 'Additional Information' section at right or attach a separate page.

SECTION 5:

General Details

5.1 Has the Applicant or a Director ever contravened this Act or has held an environmental authorisation or other authority that has been cancelled or suspended under this Act or any other environmental legislation in Australia?

- Yes No

5.2 If the Applicant is a body corporate: Has the Applicant or a Director of the body corporate ever contravened this Act or has held an environmental authorisation or other authority that has been cancelled or suspended under this Act or any other environmental legislation in Australia?

- Yes No

Has the Applicant been the director of another body corporate that has contravened this Act or has held an environmental authorisation or other authority that has been cancelled or suspended under this Act or any other environmental legislation in Australia?

- Yes No

If Yes, attach full details of the law contravened and the person(s) who has committed the contravention (e.g. who, which act or regulation, date of contravention, any penalty imposed, etc.).

Additional Information

Part B: Fee Schedules Environment Management Fee

You need to tick all activities that you are proposing to undertake. This information will be used to determine your annual licence fee. Note that only the highest environment management fee out of all activities carried out on a site will be charged (per site), but that all activities will be included in your licence. Waste transport, dredging and earthworks drainage, if applicable, will be charged separately.

Regulation reference	Prescribed activity	Characteristics	Fee units payable
<input checked="" type="checkbox"/> 1.1	chemical storage and warehousing facilities	exceeding 200 litres (liquid) or bulk storage where the storage capacity > 1000 cubic metres	3
<input type="checkbox"/> 1.2.a.i	chemical works – inorganic	processing capacity > 100 tonnes per year <input type="checkbox"/> soda ash plant <input type="checkbox"/> uranium plant, where the main or a significant co-product is uranium <input type="checkbox"/> other (ie not soda ash or uranium plant)	80 20 8
<input type="checkbox"/> 1.2.a.ii	chemical works – organic	processing capacity > 100 tonnes per year <input type="checkbox"/> emitting 100 tonnes or more of volatile organic compounds (VOC) per year <input type="checkbox"/> emitting less than 100 tonnes of VOC per year	12 8
<input type="checkbox"/> 1.2.b	chemical works – salt production	processing capacity > 5000 tonnes per year	3
<input type="checkbox"/> 1.3	coke works		80
<input type="checkbox"/> 1.4	oil refineries		80
<input type="checkbox"/> 1.5.a	petroleum storage	storage capacity > 2000 cubic metres	3
<input type="checkbox"/> 1.5.b	petroleum production or processing	production >20 tonnes per hour <input type="checkbox"/> 1000 tonnes or more of VOC emissions per year <input type="checkbox"/> 500 tonnes per year or more, but less than 1000 tonnes of VOC emissions per year <input type="checkbox"/> emitting less than 500 tonnes of VOC emissions per year	80 50 8
<input type="checkbox"/> 1.6	wood preservation works	<input type="checkbox"/> other than light organic solvent preservation (LOSP), eg preservatives containing heavy metals or creosote <input type="checkbox"/> LOSP, boron and other light organic solvents recognised by the EPA to present lower environmental risk	50 8

For wood preservation works licensees may drop a fee level (from 50 to 20 only) for on-site containment of the preservatives used and for monitoring whether groundwater is contaminated by a preservative used. The discount does not apply to LOSP, boron or other light organic solvents. Do you wish to apply for this fee reduction?

Yes No **If Yes, provide reasons (including how your operation meets the criteria) here or as an attached document.**

Fee reduction information is available at the EPA website: www.epa.sa.gov.au/lfs.html

<input type="checkbox"/> 2.1	abrasive blasting	<input type="checkbox"/> mobile <input type="checkbox"/> other (blast booth >5 cubic metres at a fixed site)	3 2
<input type="checkbox"/> 2.2	hot mix asphalt preparation	<input type="checkbox"/> mobile <input type="checkbox"/> other (fixed site)	12 8
<input type="checkbox"/> 2.3	cement works	<input type="checkbox"/> emitting 100 tonnes or more per year of particulates <input type="checkbox"/> emitting less than 100 tonnes per year of particulates	50 20

New Licence Application

Regulation reference	Prescribed activity	Characteristics	Fee units payable
<input type="radio"/> 2.4	ceramic works	production capacity > 100 tonnes per year <input type="radio"/> glass works emitting 25 tonnes per year or more of particulates <input type="radio"/> brick works emitting 2 tonnes per year or more of fluorides <input type="radio"/> other brick works or glass works <input type="radio"/> other (eg pottery)	50 12 8 2
<input type="radio"/> 2.5	concrete batching works	mobile or otherwise, production capacity > 0.5 cubic metres per production cycle	2
<input type="radio"/> 2.6	drum reconditioning		3
<input type="radio"/> 2.7	ferrous and non-ferrous metal melting	metal melting capacity > 500 kilograms per cycle <input type="radio"/> more than 2500 kilograms VOC emissions per year and does not meet EPA requirements for odour (EPA Guideline: Odour assessment using odour source modelling, 2007) <input type="radio"/> more than 2500 kilograms VOC emissions per year and meets EPA requirements for odour (EPA Guideline: Odour assessment using odour source modelling, 2007) <input type="radio"/> 2500 kilograms per year or less of VOC emissions	50 12 4
<input type="radio"/> 2.8	metallurgical works		80
<input type="radio"/> 2.9	mineral works		12
<input type="radio"/> 2.10	pulp or paper works	production > 100 tonnes per year	80
<input type="radio"/> 2.11	scrap metal recovery	scrap metals are melted or disintergrated	3
<input type="radio"/> 2.12.a	surface coating works - metal finishing	producing > 5000 litres of effluent per day	8
<input type="radio"/> 2.12.b	surface coating works - hot dip galvanising	<input type="radio"/> 1000 kilograms per year or more of zinc emissions to air <input type="radio"/> 100 kilograms or more but less than 1000 kilograms of zinc emissions to air <input type="radio"/> less than 100 kilograms of zinc emissions to air	12 8 4

PART C: PAYMENT

Application fee

To enable your Application to be processed, please enclose the licence application fee of 10 fee units. To calculate the applicable fee value refer to www.epa.sa.gov.au and follow the links to the Licensees section.

Payment by mail

Make cheques or money orders payable to Environment Protection Authority and crossed 'Not Negotiable'.
Do not include bank notes or coins. Mail your payment to:
EPA, GPO Box 2607, Adelaide SA 5001.

Payment by credit card

- Visa
- Mastercard
- Amex

Card number

Expiry date

Cardholder's name

Cardholder's signature

Amount of credit card payment \$

Should your Application be granted, an invoice for payment of the annual licence fee will be sent to you. This invoice will also include an advertising fee - Regulation 27 (2).

DECLARATION

If the Applicant is a Company or Body Corporate, the following must sign this Declaration:

1. Two Directors of the Company or Body Corporate; or
2. One Director and a Company Secretary of the Company or Body Corporate; or
3. For Proprietary Companies that have a Sole Director who is also the Sole Company Secretary, that Director.

If the Applicant is:

1. a natural person(s), each person must sign this Declaration;
2. a Statutory Body, a person whom the Minister has authorised must sign this Declaration; or
3. an incorporated Association, a person(s) who is authorised under the rules of that association.

For Government Departments that do not involve a Statutory Body, the Minister or a person whom the Minister has authorised, must sign this Declaration

For joint applications, all parties must sign this Declaration.

I/we hereby declare that the information provided in this application and accompanying documents, to the best of my knowledge, is true and correct.

- a. Name CHARLES HALL
 Signature [Signature]
 Position of signatory DIRECTOR
